Offenses

Summary
The group of persons required to register as sex offenders is expanded to include persons who commit certain sex offenses under federal law or the Code of Military Justice.

A new offense has been created to prosecute people who attempt over the Internet to solicit children into sexual relations. The new law allows the prosecution of a person who, with the intent to solicit someone the person believes to be a minor to engage in illicit sexual activities, in fact is soliciting an adult posing as a minor. For example, this adult could be a police officer patrolling the Internet.

The penalty for promoting child pornography is increased from a third to a second degree felony.

The use of Rohypnol in the commission of a sex crime is an aggravated sexual assault carrying a penalty of a first degree felony. If Rohypnol is used while committing robbery, theft, or crimes against a person (other than a first degree felony or a Class A misdemeanor) the penalty is enhanced to the next highest category.

In an attempt to ensure that more sex offenders serve their sentences behind bars, people who sexually assault adults may not receive judge ordered community supervision. Now, a person who sexually assaults an adult receives the same sentencing treatment as a person who sexually assaults a child.

Recognizing that some crimes could be stopped or averted through intervention, it is now a Class A misdemeanor to fail to stop or report aggravated sexual assault of a child younger than 14 years of age.
**Details**

Adds to the definition of “sexually violent offense” an offense under federal law or the Uniform Code of Military Justice if the offense contains elements that are substantially similar to the elements of Section 21.11(a)(1) (Indecency with a child), 22.011 (Sexual assault), 22.021 (Aggravated sexual assault), 43.25 (Sexual performance by a child), 20.04(a)(4) (Aggravated kidnapping) if the defendant committed the offense with the intent to violate or abuse the victim sexually, or 30.02 (Burglary) if the offense is punishable under Subsection (d) of that section and the defendant committed the offense with intent to commit crimes prohibited by Section 21.11 (Indecency with a child), 22.011 (Sexual assault), 22.021 (Aggravated sexual assault), 25.02 (Prohibited sexual conduct), or 20.04(a)(4) (Aggravated kidnapping) Penal Code, if the defendant committed the offense with the intent to violate or abuse the victim sexually. (Article 62.01(6)(E), CCP, Definitions) (H.B. 2145)

Provides that a person commits an offense if, with intent that an offense under CCP Section 21.11 (Indecency with a child), 22.011 (Sexual assault), 22.021 (Aggravated sexual assault), or 43.25 (Sexual performance by a child) be committed, the person by any means requests, commands, or attempts to induce a minor or another whom the person believes to be a minor to engage in specific conduct that, under the circumstances surrounding the actor’s conduct as the actor believes them to be, would constitute an offense under one of these sections or would make the minor or other believed by the person to be a minor a party to the commission of an offense under one of those sections. (Section 15.031, Penal Code, Criminal solicitation of a minor) (H.B. 2145)

Redefines “sexual conduct” to include lewd exhibition of the anus, or any portion of the female breast below the top of the areola. (Section 43.25(a)(2), Penal Code, Sexual Performance by a Child) (H.B. 2145)

Increases from a third to a second degree felony to knowingly or intentionally promote or possess with intent to promote material containing a film image that visually depicts a child younger than 18 years of age at the time the film image of the child was made who is engaging in sexual conduct and the person knows that the material depicts the child as described above. (Section 43.26(g), Penal Code, Possession or Promotion of Child Pornography) (H.B. 2145)

Makes it an offense to administer or provide Rohypnol (flunitrazepam) or gamma hydroxybutyrate to the intended victim of an aggravated sexual assault with the intent of facilitating the assault. (Section 22.021(a)(2)(vi), Penal Code, Aggravated Sexual Assault) (S.B. 1100)

If the court determines, beyond a reasonable doubt, that the defendant used Rohypnol or gamma hydroxybutyrate to facilitate the commission of robbery, theft, or a crime against persons, the court must make an affirmative finding of that fact in the punishment phase of the trial, and enter the affirmative finding in the judgment of the case. (Article 42.015, CCP, Finding that Controlled Substance Used to Commit Offense) (S.B. 1100)
Enhances the penalty to the next highest category for the offense in the case of an affirmative finding that a defendant used Rohypnol or gamma hydroxybutyrate to facilitate the commission of robbery, theft, or a crime against a person, other than a first degree felony or a Class A misdemeanor. If the offense is a Class A misdemeanor, the minimum term of confinement for the offense is increased to 180 days. (Section 12.48, Penal Code, Penalty if Controlled Substance Used to Commit Offense) (S.B. 1100)

Adds to the list of 3g offenses the offense of sexual assault of an adult, making these offenders ineligible for judge ordered community supervision. (Article 42.12, Section 3g, CCP, Limitation on Judge Ordered Community Supervision) (H.B. 1535)

Makes it a Class A misdemeanor to fail to stop or report aggravated sexual assault of a child. A person, other than persons such as a parent or guardian, commits a Class A misdemeanor if the person observes actual or attempted sexual assault of a child younger than 14 years of age, fails to assist the child or immediately report the commission of the offense to a peace officer, and could assist the child or immediately report the commission without placing him/herself in danger of suffering serious bodily injury or death. (Section 38.17, Penal Code, Failure to Stop or Report Aggravated Sexual Assault of a Child) (H.B. 628)
Summary
An affirmative defense in the prosecution of indecency with a child is provided if the actor is not more than three years older than the victim of the opposite sex, the act was consensual, and the actor is not a registered sex offender.

An affirmative defense in the prosecution of sexual assault is provided if the actor is not more than three years older than the victim, the actor is not a registered sex offender, and the victim is at least 14 years of age.

To ensure that an offender is aware of all the legal ramifications of being considered a sex offender, before a plea of guilty or nolo contendere is accepted, the court must inform the defendant of sex offender registration requirements, and the court must determine whether the defendant’s attorney has advised the defendant of his or her sex offender registration requirements.

Details
Modifies the circumstances under which the affirmative defense to indecency with a child may be used as follows. The affirmative defense may be used if the actor (1) was not more than three years older than the victim and of the opposite sex; (2) did not use duress, force, or a threat against the victim at the time of the offense; and (3) at the time of the offense was not required under Chapter 62, CCP, to register for life as a sex offender; or was not a person who under Chapter 62, CCP, had a reportable conviction or adjudication for an offense under this section. (Section 21.11(b), Penal Code, Indecency with a child) (H.B. 2145)

Modifies the circumstances under which the affirmative defense to sexual assault may be used as follows: if the actor was not more than three years older than the victim at the time of the offense: was not required under Chapter 62, CCP, to register for life as a sex offender or was not a person who under Chapter 62, CCP, had a reportable conviction or adjudication for an offense under this section and the victim was a child of 14 years of age or older. (Section 22.011(e), Penal Code, Sexual Assault) (H.B. 2145)

Requires the court to inform the defendant, before a plea of guilty or nolo contendere is accepted, of the requirement to meet the registration requirements of Chapter 62, CCP, if the defendant is convicted of or placed on deferred adjudication for an offense for which a person is subject to registration under that chapter. (Article 26.13, CCP, Plea of Guilty) (H.B. 2145)

Requires the court to determine whether the attorney representing the defendant has advised the defendant regarding the registration requirements of Chapter 62, CCP, before a plea of guilty or nolo contendere is accepted. (Article 26.13, CCP, Plea of Guilty) (H.B. 2145)
Judgment/Affirmative Findings

**Summary**
If the victim of unlawful restraint, kidnapping, or aggravated kidnapping is found to be younger than 17 years of age, that finding must be entered into the papers in the case.

**Details**
Requires a judgment to reflect an affirmative finding of the age of a victim pursuant to Article 42.015, CCP. (Article 42.01, Sec. 7, CCP, Judgment) (H.B. 2145)

Requires the judge to make an affirmative finding of fact and enter the affirmative finding of fact in the judgment in the case if the judge determines the victim or intended victim was younger than 17 years of age at the time of the offense, in the trial of an offense under Section 20.02 (Unlawful Restraint), 20.03 (Kidnapping), or 20.04 (Aggravated Kidnapping), Penal Code, or an attempt, conspiracy, or solicitation to commit one of those offenses. An individual for whom a deferred adjudication is entered or a trial or disposition hearing has commenced before the effective date of this Act is covered by the law in effect when the deferred adjudication was entered or when the trial or disposition hearing commenced, and the former law is continued in effect for that purpose.

Requires the judge, if the judge places the defendant on community supervision for an offense under Section 20.02 (Unlawful Restraint), 20.03 (Kidnapping), or 20.04 (Aggravated Kidnapping), Penal Code, or an attempt, conspiracy, or solicitation to commit one of those offenses, to make an affirmative finding of fact and file a statement of that affirmative finding with the papers in the case if the judge determines that the victim or intended victim was younger than 17 years of age at the time of the offense. (Article 42.12, Sec. 5(e), CCP, Deferred Adjudication; Community Supervision) (H.B. 2145) The change in law made by this Act requiring registration under Chapter 62, CCP, and as amended by this Act, for individuals charged with unlawful restraint, kidnapping, or aggravated kidnapping, or attempt, solicitation, or conspiracy to commit one of those offenses, applies only to an individual for whom deferred adjudication in the case is entered or a trial or disposition hearing for the offense or conduct is commenced on or after the effective date of September 1, 1999, regardless of when the offense was committed or the conduct occurred. An individual for whom a deferred adjudication is entered or a trial or disposition hearing has commenced before the effective date of this Act is
covered by the law in effect when the deferred adjudication was entered or when the trial or disposition hearing commenced, and the former law is continued in effect for that purpose.

Requires a judge to enter an affirmative finding in the order, if the judge orders a disposition and there is an affirmative finding that the victim or intended victim was younger than 17 years of age at the time of the conduct. (Section 54.04, Family Code, Disposition Hearing) (H.B. 2145)

A conviction or adjudication for violation of or a conviction for an attempt, conspiracy, or solicitation to commit unlawful restraint, kidnapping, or aggravated kidnapping, if the papers in the case contain an affirmative finding that the victim is younger than 17 years of age; or a deferred adjudication for violation of or a conviction for an attempt, conspiracy, or solicitation to commit unlawful restraint, kidnapping, or aggravated kidnapping, if the papers in the case contain an affirmative finding that the victim is younger than 17 years of age.

A reportable conviction or adjudication includes any disposition under the laws of another state, federal law, or the Uniform Code of Military Justice for an offense containing elements that are substantially similar to the elements of offenses included under the definition of reportable conviction or adjudication.

The second conviction or adjudication for delinquent conduct under the laws of another state or federal law that are substantially similar to the elements of the offense of indecent exposure are also a reportable conviction or adjudication.

As such, there is a requirement that a person convicted or adjudicated under these other bodies of law and residing in Texas must register as a sex offender in Texas.

DNA Testing

Summary
Advancements in DNA testing have aided law enforcement personnel in solving old and new criminal investigations. Requiring DNA sampling of a broader range of offenders increases the likelihood of solving criminal cases. DNA sampling is now required for adults and juveniles convicted of murder, aggravated assault, burglary of a habitation or burglary of a habitation with intent to commit certain felonies, or for any penal offense which requires registration as a sex offender. To further broaden the database, DNA sampling is also required for a person convicted or adjudicated of any offense if he or she had a prior conviction for any of the offenses listed above. (Section 411.148(a), Government Code, DNA Records of Certain Inmates) (H.B. 1188)

Details
Requires the collection of DNA samples from any inmate convicted or adjudicated of murder, aggravated assault, burglary of a habitation or burglary of a habitation with the intent to commit another felony (other than felony theft), or for any offense which requires sex offender registration. The collection of DNA samples is required for an inmate committing any offense if the inmate had previously been convicted or adjudicated as having engaged in the offenses listed above or in an offense under federal law or laws of another state that involves the same conduct as an offense listed above. (Section 411.148(a), Government Code, DNA Records of Certain Inmates) (H.B. 1188)
Provides that the collection of DNA samples also applies to a juvenile convicted or adjudicated of murder, aggravated assault, burglary of a habitation or burglary of a habitation with the intent to commit another felony (other than felony theft), or for any offense which requires sex offender registration and commitment to the TYC. The collection of DNA samples is required for a juvenile committing any offense if the juvenile had previously been convicted or adjudicated as having engaged in the offenses listed above or in an offense under federal law or a law of another state that involves the same conduct as an offense listed above. (Section 411.150(a), Government Code, DNA Records of Certain Juveniles) (H.B. 1188)

Allows medical staff employees of the TDCJ-ID to obtain from incarcerated sex offenders a voluntary sample or specimen for the purpose of creating a DNA record. (Section 411.148(f), Government Code, DNA Records of Certain Inmates) (H.B. 3215)

Allows an employee of TDCJ-ID to use force to obtain the required sample or specimen when and to the degree the employee reasonably believes the force is necessary to obtain the required sample or specimen. (Section 411.148(g), Government Code, DNA Records of Certain Inmates) (H.B. 3215)

Allows TDCJ to contract with an individual or entity for phlebotomy services. (Section 411.148(h), Government Code, DNA Records of Certain Inmates) (H.B. 3215)

Requires TYC to obtain blood samples or other specimens from juvenile sex offenders, preserve each collected sample or specimen, maintain a record of the collection, and send the sample or specimen to the public safety director for scientific analysis. (Section 411.150(c), Government Code, DNA Records of Certain Juveniles) (H.B. 3215)

Allows medical staff employees of TYC to obtain from incarcerated sex offenders a voluntary sample or specimen for the purpose of creating a DNA record. (Section 411.150(d), Government Code, DNA Records of Certain Juveniles) (H.B. 3215)

Allows an employee of TYC to use force to obtain the required sample or specimen when and to the degree the employee reasonably believes the force is necessary to obtain the required sample or specimen. (Section 411.150(e), Government Code, DNA Records of Certain Juveniles) (H.B. 3215)

Allows TYC to contract with an individual or entity for the phlebotomy services. (Section 411.150(f), Government Code, DNA Records of Certain Juveniles) (H.B. 3215)

**Risk Assessment Review**

**Summary**
To better understand the level of risk a sex offender poses to the community, a screening by a judge or an official of a penal institution provides for the assignment of numeric risk levels to...
adult or juvenile sex offenders on an individual basis. Each level is based on a point system derived from the danger the person poses to the community or the likelihood that the person will continue to engage in criminal sexual conduct. Under the initial risk assessment procedure, all persons will be assigned either level one or level two. The levels range from one for the most dangerous to three for the least dangerous. The numeric risk level assignment impacts the intensity of the offender’s registration requirements, and can determine, among other things, whether or not there is a neighborhood notification requirement.

DPS will notify local law enforcement when a registered sex offender moves to its area. That local law enforcement authority must then verify with DPS the registrant’s numeric risk level within eight days of receiving the risk level notice. If an offender who was originally evaluated by the risk assessment committee as a numeric risk level two is approved for and assessed to numeric risk level three, the local law enforcement authority will not be required to conduct community notification in a newspaper. However, local schools must be notified about all registrants whose victims were children under the age of 17, no matter what their numeric risk level. (See section on Prerelease Notification for requirements when a sex offender is 17 years of age or older and still enrolled in a public or private secondary school.)

Details

The risk assessment review committee will determine risk assessments only on persons subject to the requirements of sex offender registration who are released from a penal institution or placed on community supervision or juvenile probation on or after January 1, 2000. Those persons who are subject to the requirements of sex offender registration and who are released or on community supervision or juvenile probation prior to January 1, 2000 will not be subject to risk assessment review. (S.B. 1650).

Requires a risk assessment review committee to determine the risk level to the community, using the sex offender screening tool, of persons who are required to register before the person is due to be released from a penal institution. Requires the risk assessment review committee to assign a numeric risk level of one or two, and immediately send written notice of the risk level to the prison from which the person will be released. (Article 62.03(a), CCP, Prerelease Notification) (S.B. 1650)

Requires an official of the penal institution to send the person’s numeric risk level to DPS and the applicable local law enforcement in this state or the designated law enforcement agency in another state seven days before the date on which a person who will be subject to registration is due to be released from a penal institution. (Article 62.03(b), CCP, Prerelease Notification) (S.B. 1650)

Requires a court that sentences a person, subject to registration, to deferred adjudication, juvenile probation, or community supervision, or imposes only a fine, to determine the person’s risk level to the community using the sex offender screening tool, assign the person a numeric risk level of one or two, and ensure prerelease notification and registration requirements. Requires a
community supervision and corrections department representative, who is available in the court when the court pronounces the sentence of deferred adjudication or community supervision, or an appropriate individual designated by the court, to obtain the person’s numeric risk level from the court and conduct the prerelease notification and registration requirements.  (Article 62.03(c), CCP, Prerelease Notification)  (S.B. 1650)

Requires the local law enforcement authority to verify the person’s numeric risk level within eight days of receiving a registration form from a penal institution, a community supervision and corrections department representative, or an appropriate individual designated by the court.  (Article 62.03(e), CCP, Prerelease Notification)  (S.B. 1650)

Requirements local law enforcement authorities to include the person’s numeric risk level and guidelines used to determine a person’s risk level in the notice by publication in a newspaper.  (Article 62.03(f), CCP, Prerelease Notification)  (S.B. 1650)

Requires TDCJ to establish a risk assessment review committee composed of at least five members, each of whom is a state employee whose service on the review committee is in addition to the employee’s regular duties, including one with experience in law enforcement, one member having experience as a sex offender treatment provider, one member having experience working with juvenile sex offenders, and one member having experience with victims of sex offenses.  (Article 62.035(a), CCP, Risk Assessment Review Committee; Sex Offender Screening Tool)  (S.B. 1650)  Requires TDCJ to establish the risk assessment review committee no later than September 1, 1999.

Requires the risk assessment review committee to develop or select a screening tool to be used in determining the level of risk of a person subject to registration.  Requires the screening tool to have a designation for levels one, two, and three, with level one being the highest level of risk and level three being the lowest level of risk.  Each level must be based on a point system that will indicate concerns as to the danger the person poses to the community or the likelihood that the person will continue to engage in criminal sexual conduct.  (Article 62.035(b), CCP, Risk Assessment Review Committee; Sex Offender Screening Tool)  (S.B. 1650)  Requires the review committee to develop or select a sex offender screening tool no later than December 1, 1999.  Requires the review committee to make the sex offender screening tool available to all judges hearing criminal cases no later than December 15, 1999.

Initially all persons will be assigned either level one or two, but a person may apply for reassessment to a level three if: the person changes addresses under Article 62.04, CCP, and intends to move; the person was initially assigned a risk level of two; the committee considers any information available to the committee that was used to assign to the person a risk level of two; and the basis on which the person is subject to registration is a conviction of or a grant of deferred adjudication for Section 21.11, Penal Code (Indecency with a child) or Section 22.011(a)(2), Penal Code (Sexual assault of a child) or an adjudication of delinquent conduct based on a violation of one of those offenses, committed against a victim who is of the opposite
sex of the person and is not more than five years younger than the person. (Article 62.035(c), CCP, Risk Assessment Review Committee; Sex Offender Screening Tool) (S.B. 1650) Requires every person released from a penal institution or placed on community supervision or juvenile probation on or after January 1, 2000, and for whom registration is required under Chapter 62 to be assigned a numeric risk level as required by Chapter 62.

Requires the local law enforcement authority to verify the person’s numeric risk level within eight days of receiving information that the person is moving to his or her municipality, county, or state. Eliminates the requirement that local law enforcement conduct community notification by newspaper if the person changing addresses was originally evaluated by the risk assessment committee as a risk level of two but is approved for and assessed to risk level three. Requires the local law enforcement authority to notify the school superintendent of the public school district and the administrator of any private primary or secondary school by mail if the person’s victims were under the age of 17, regardless of the assessed risk level. (Article 62.04(f), CCP, Change of Address) (S.B. 1650)
# Outpatient Civil Commitment

**Summary**

In recognition that there is a small segment of the sex offender population that poses a gravely harmful threat to society, sexually violent predators will be subjected to extensive, long-term supervision and treatment after the offender has served his or her sentence and has been released. This civil commitment of sex offenders does not institutionalize the person, but intensively monitors the person within the community.

People who are incarcerated in TDCJ or committed to TXMHMR for certain sexually violent offenses and who are due to be released must be assessed by the multidisciplinary team. The multidisciplinary team must determine whether the person is a repeat sexually violent offender and whether the person is likely to commit a sexually violent offense after release or discharge, notify TDCJ or TXMHMR of its finding, and recommend the assessment of the person for a behavioral abnormality as appropriate.

TDCJ or TXMHMR then must determine whether the person suffers from a behavioral abnormality that makes the person likely to engage in a predatory act of sexual violence. If such a determination is made, TDCJ or TXMHMR must then notify the attorney representing the state, who may file a petition alleging predator status for that offender. Trials will be conducted in Montgomery County to determine whether the offender is a sexually violent predator. If such a determination is made by the judge or jury, the person will be committed for outpatient treatment and supervision upon release from TDCJ or the TXMHMR facility. The treatment and supervision must be continued until the offender is deemed no longer likely to engage in a predatory act of sexual violence.

Before entering an order directing a person’s civil commitment, the judge must impose on the person requirements necessary to ensure the person’s compliance with treatment and supervision and to protect the community. The requirements must include: requiring the person to reside in a particular location; prohibiting the person’s contact with a victim or potential victim of the person; prohibiting the person’s use of alcohol or controlled substances; requiring the person’s participation in a specific course of treatment; requiring the person to submit to tracking and to any other appropriate supervision; prohibiting the person from changing residence without prior authorization from the judge and from leaving the state without that authorization; establishing a child safety zone, if determined appropriate; requiring the person to notify the case manager within 48 hours of any change in the person’s status that affects proper treatment and supervision, including a change in the person’s physical health, job status, and any incarceration; and any other requirements determined necessary by the judge. The Council is responsible for developing standards of care and case management for the committed offenders.
If a civilly committed sex offender violates any of the requirements of his or her commitment, he or she commits a third degree felony. If a civilly committed sex offender violates any requirement of the sex offender registration program, he or she commits a second degree felony.

The status of a civilly committed sex offender is reviewed once every two years. The judge may modify the requirements imposed on the offender or find that the offender is no longer likely to engage in a predatory act of sexual violence. Under this process, an offender may petition for release from civil commitment under certain circumstances. Additionally, an offender has the right to the assistance of counsel, appointed through the Office of State Counsel for Offenders, at all stages of the proceedings.

Upon notification that a sex offender who has been civilly committed is about to be released from a penal institution or intends to move to a new residence within Texas, DPS must notify area residents, in writing, that a civilly committed sex offender is moving into their neighborhood. In an area that has not been subdivided, notice must be sent to residents within a one-mile radius of the sex offender’s residence. In an area that has been subdivided, notice must be sent to residents within a three-block area. The sex offender must reimburse DPS for the cost of notifying area residents.

A person who is civilly committed as a sexually violent predator must report to the local law enforcement authority with whom the person is required to register not less than once every 30 days following the date the person first registers to verify the information in the registration form. A person is considered to be complying with the time frame if the person registers at any time on or after the 27th day following that date but before the 33rd day after that date.

**Details**

Establishes a procedure for the civil commitment of sexually violent predators. REGISTRATION

General

**Summary**

If Texas has a reciprocal agreement with another state regarding the registration of sex offenders, a person required to register in the other state is required to register when he or she moves to Texas even if their offense is not substantially similar to an offense in Texas. The duty to register expires at the same time it would in the conviction state.

Persons who are convicted of or received deferred adjudication for two or more sexually violent offenses are required to verify registration once every 90 days. The intent of this change is to require persons who are dispositioned on the same date for multiple cause numbers/multiple victims to register once every 90 days. The old word “occasions” presented a problem because each court appearance was a single occasion, even though the person was being dispositioned for multiple offenses/multiple victims. Therefore, this change requires 90-day verification for anyone who is dispositioned on a single court appearance for multiple counts/offenses.

Anyone who is required to register once a year will now be required to report in a time period around his or her birthday.

Sex offenders who live outside of Texas, but work or go to school in Texas (such as those who commute from bordering states) must register as sex offenders in the municipality or county in which the person resides or goes to school. These persons are subject to the school notifications, but not the newspaper publication requirements.

**Details**

Defines “residence” to include a residence established in this state by a person who has established a residence in another state, but is employed, carries on a vocation, or is a student. *(Article 62.01(7), CCP, Definitions) (H.B. 2145)*

Provides that a person is employed or carries on a vocation if the person works full-time or part-time for a consecutive period exceeding 14 days or for an aggregate period exceeding 30 days in a calendar year, whether the person works for compensation or for governmental or educational benefit. *(Article 62.011, CCP, Workers or Students) (H.B. 2145)*

Provides that a person is a student if the person enrolls in any educational facility, including: a public or primary or secondary school, including a high school or alternative learning center; or a public or private institution of higher education, including a college, university, community college, or technical or trade institute. *(Article 62.011, CCP, Workers or Students) (H.B. 2145)*
Requires a person who is required to register as a condition of parole, release to mandatory supervision, or community supervision to register or verify registration with the local law enforcement authority in the municipality where the person intends to reside for more than seven days. (Article 62.02(a), CCP, Registration) (H.B. 2145)

Requires a person to register with the law enforcement authority in another state not later than the 10th day after the date the person begins to work or attend school in another state, if the other state has a registration requirement for sex offenders, the person has a reportable conviction or adjudication, the person resides in this state, and is employed, has a vocation or is a student in another state. (Article 62.02(g), CCP, Registration) (H.B. 2145)

Requires a person to comply with annual verification requirements when moving to Texas if the person has an out-of-state requirement for registration in a state with which DPS has entered into a reciprocal registration agreement and who is not otherwise required to re-register because the person does not have a reportable conviction for an offense under the laws of another state containing elements that are substantially similar to an offense requiring registration under Texas law, or the person does not have a reportable adjudication of delinquent conduct based on a violation of an offense under the laws of another state containing elements that are substantially similar to an offense requiring registration under Texas law. Provides that the duty to register would expire the same as it would in the conviction state. Allows DPS to negotiate and enter into a reciprocal registration agreement with any other state to prevent residents of this state and residents of the other state from frustrating the public purpose of the registration of sex offenders. (Article 62.021, CCP, Out-of-State Registrants) (H.B. 2145)

Requires a person who has been convicted two or more times (the previous language was, “who has on two or more occasions been convicted of or . . .”) for a sexually violent offense, received an order of deferred adjudication two or more times, or been convicted and received an order of deferred adjudication to report to the local law enforcement authority with whom the person is required to register not less than once in each 90-day period following the date the person first registered. Provides that a person complies with a requirement that the person register within a 90-day period following a date if the person registers at any time on or after the 83rd day following that date but before the 98th day after that date. Changes the date of annual verification for offenders from the initial date of registration to the person’s date of birth. (Article 62.06(a), CCP, Law Enforcement Verification of Registration Information) (H.B. 2145)

The changes made in law by this Act relating to persons required to report to local law enforcement not less than once in each 90-day period, applies only to a defendant who, on or after the effective date of this Act is confined in a penal institution or is under the supervision and control of a juvenile probation office or an agency or entity operating under contract with a juvenile probation office, TYC, a community supervision and corrections department, or the Parole Division of TDCJ. As this Act relates to persons required to report to local law enforcement once in each year, the local law enforcement authority with whom a person verifies registration by reporting to the authority not earlier than the 30th day before and not later than the 30th day after the anniversary of the date on which the person first registered with the
authority shall inform the person that on the next occasion and each succeeding occasion on which the person verifies registration that person must comply with Articles 62.06(a) and (b).

Adds to the list of those persons who must report to the local law enforcement authority at least every 90-day period to verify registration information, a person subject to registration who has been convicted of and received an order of deferred adjudication for a sexually violent offense. (Article 62.06(b), CCP, Law Enforcement Verification of Registration Information) (H.B. 2145)

Provides that the registration and verification and the reporting of a change of address are based on the municipality or county in which the person works or attends school. Provides that the person is subject to the school notification requirements based on the public school district in which the person works or attends school. Provides that a person who has a reportable conviction or adjudication, resides in another state, and is employed, carries on a vocation, or is a student in this state is not subject to Texas expiration of duty to register and the newspaper publication requirements. Requires the authority to verify that the person no longer works or studies in Texas and to provide to the person notice of that verification within a reasonable time. Provides that Article 62.061, CCP, does not apply to a person who has a reportable conviction or adjudication, who resides in another state, and is employed or carries on a vocation or is a student in this state if the person establishes another residence in this state to work or attend school in this state; however, the person remains subject to the other articles of this chapter based on the person’s residence in this state. (Article 62.061, CCP, Registration of Certain Workers or Students) (H.B. 2145)

Adds to the list of those required to register any offender who is under the supervision and control of TYC on or after September 1, 1997. (Section 26) (H.B. 2145)

**Prerelease Notification**
Summary
The people for whom the Parole Division of TDCJ or a community supervision and corrections department must give prerelease notification is expanded to include sex offenders convicted under federal law who have been placed under the supervision of TDCJ or a community supervision and corrections department.

To ensure greater monitoring of juvenile sex offenders, TYC, a public or private vendor operating under contract with TYC, a local juvenile probation department, or a juvenile secure pre-adjudication or post-adjudication facility must give pre-release notification to the juvenile sex offender relating to sex offender registration requirements and must notify DPS and the appropriate local law enforcement agency of the juvenile sex offender’s upcoming release.

To further protect victims, area schools and school personnel must be notified when the sex offender is due to be released, if the victim of the sex offender was under 17 years age or if the offender is 17 years of age and older and still enrolled in a public or private secondary school. (See section on Risk Assessment Review for further requirements when a registrant’s victim was a child under the age of 17.)

A primary means of notifying the community of the presence of a sex offender is an ad in the newspaper. More information may now be published about sex offenders in these ads, including the person’s full name, numeric street address, and either a recent photograph or the Internet address that contains the person’s photograph.

To let sex offenders know that they cannot circumvent the registration requirements, an official of a Texas penal institution must inform sex offenders that if they intend to reside in another state and work or attend school in this state they must register or verify registration with the law enforcement authority in the county in which the person is employed or enrolled as a student. If a Texan who must register works or attends school in another state that has a sex offender registration requirement, he or she must register with the appropriate authority in that state.

The registrant’s full name, numeric street address and either a recent photograph or the Internet address that contains the person’s photograph must be published in the newspaper in the area of the new residence.

If a registrant who was originally assigned a numeric risk level two changes residence, he or she has the opportunity to have his or her numeric risk level reassessed to a numeric risk level three, the least restrictive assignment. (Each level is based on a point system that will be the basis for concerns as to the danger the person poses to the community or the likelihood that the person will continue to engage in criminal sexual conduct.) If the risk assessment review committee assigns a numeric risk level three to the registrant, the new numeric risk level must be forwarded to DPS and the local law enforcement authority in the area of the new residence. The new numeric risk level assignment will change notification requirements applicable to the sex offender.

If a registrant remains in the same area, his or her health or job status changes, and he or she is not monitored by a supervising officer such as a parole or probation officer, the registrant must notify the local law enforcement authority of the changes.

Driver’s License/Personal Identification Cards

Summary
A person required to register as a sex offender has new responsibilities relating to obtaining and annually renewing a driver’s license or ID. For a registered sex offender, the court must issue an order requiring DPS to include in a sex offender’s driver’s license record or ID record maintained by DPS an indication that the person is subject to sex offender registration.

The sex offender must apply to DPS in person for an original or annual renewal driver’s license or ID within a certain time period. Failure to appear in person to apply for an original or renew a driver’s license or ID results in an automatic revocation of the driver’s license or ID. To implement this requirement, DPS must determine from its records which adults and juveniles are required to register as a sex offender, and to notify, by October 30, 2000, those registrants of the requirement to get a new driver’s license or ID.

DPS must establish a procedure to automatically inform a peace officer or employee of a law enforcement agency who provides DPS with a driver’s license, ID, or license plate number as to whether the detained person or the owner/driver of that car is required to register as a sex offender.

Details
Outlines the court’s duties regarding new requirements related to a driver’s license or identification record for a person (adult or juvenile) required to register as a sex offender. Requires the court to:

◊ issue an order requiring DPS to include in any driver’s license record or ID certificate record maintained by DPS the fact that the person is subject to sex offender registration requirements;
◊ require the person subject to registration to apply in person for an original or renewal driver’s license or ID not later than 30 days after the date the person is released from a penal institution or is released by a court on juvenile probation or community supervision; or DPS sent written notice to the registrant, and to annually renew the license or ID in person;
◊ notify the registrant of the consequences of this requirement; and
◊ send DPS pertinent records and orders of the registrant’s case.

(Article 42.016, CCP, Special Driver’s License or Identification Requirements for Certain Sex Offenders) (H.B. 1939)

Failure of a registrant to apply in person for the issuance of an original or renewal driver’s license or ID within the applicable 30-day time period results in an automatic revocation of any driver’s license or ID issued by DPS. (Article 62.03(a), CCP, Prerelease Notification) (H.B. 1939)
Requires a registrant to apply, in person, for an original or renewal driver’s license or ID card within 30 days of release or notice by DPS, and to annually apply for renewal in person until the registrant’s duty to register expires. To implement this requirement, DPS must determine from its records which adults and juveniles are required to register as a sex offender, and to notify, by October 30, 2000, those registrants of the requirement to get a new driver’s license or ID. (Article 62.065, CCP, Requirements Relating to Driver’s License or Personal Identification Certificate) (H.B. 1939)

Requires DPS to establish a procedure by which a peace officer or employee of a law enforcement agency who provides DPS with a driver’s license, personal ID, or license plate number is automatically provided information as to whether that person or the owner/driver of that car is required to register as a sex offender. (Article 62.085, CCP, Information Provided to a Peace Officer) (H.B. 1939)

Requires DPS, on receipt of a court order, to ensure that any driver’s license record or personal ID certificate record maintained by DPS for the person includes an indication that the person is required to register as a sex offender. DPS is required to maintain the indication on the pertinent record until the person’s duty to register ends. (Section 521.057, Transportation Code, Information Regarding Certain Sex Offenders) (H.B. 1939)

Requires DPS to automatically revoke each personal ID certificate of a person who is required to register as a sex offender and who fails to apply to DPS for a renewal of the ID as required by the sex offender registration system. DPS may issue a personal ID certificate to a person whose certificate is revoked only if the person applies for an original or renewal certificate. (Section 521.101(h), Transportation Code, Personal Identification Certificate) (H.B. 1939)

Allows DPS to issue an original or renewal personal ID to a person whose driver’s license or personal ID record indicates the person must register as a sex offender if the person applies in person and pays a fee of $20. The renewal, duplicate, or corrected personal ID expires on the first birthday of the ID holder occurring after the date of application for the ID. The initial ID issued expires on the second birthday after the date of application for the ID. (Section 521.103, Transportation Code, Expiration and Renewal Requirements for Certain Sex Offenders) (H.B. 1939)

<td>To keep local law enforcement abreast of the sex offender population, the Parole Division of TDCJ must notify the county sheriff if the total number of sex offenders under its control residing in that county exceeds 10 percent of the total number of sex offenders in the state under the control of the Parole Division of TDCJ.</td>

In an effort to avoid high concentrations of sex offenders in a particular area, a parole panel is restricted from requiring a sex offender to live in a certain locale if the total number of sex offenders under the supervision and control of the Parole Division of TDCJ exceeds 22 percent of the total number of sex offenders in the state under the control of the Parole Division of TDCJ.

Upon notification that a sex offender is about to be released from a penal institution, has been placed on community supervision or juvenile probation, or intends to move to a new residence within Texas, DPS must verify the sex offender’s numeric risk level. If the sex offender is a numeric risk level one, DPS must notify area residents in writing that a serious sex offender is moving into their neighborhood. In an area that has not been subdivided, notice must be sent to residents within a one-mile radius of the sex offender’s residence. In an area that has been subdivided, notice must be sent to residents within a three-block area. The sex offender must reimburse DPS for the cost of notifying area residents.

The local law enforcement authority may notify the public in any manner deemed appropriate by the authority, including: holding a neighborhood meeting, posting notices in the area where the person intends to reside, distributing printed notices to area residents, or establishing a specialized local website.

If both parents are appointed as conservators of a child, a parent who resides for at least 30 days with, marries, or intends to marry a sex offender or a person charged with a sex offense must notify the other parents of this information. The notice must be made as soon as practicable, but no later than 40 days after the parent and sex offender start living together or 10 days after the marriage occurs. Failure to inform the other parent is a Class C misdemeanor.
