Message:

Having lived in Texas for 25 years, I have had only one candidate elected that represented my views and values. In seeing the proposed new maps I am disappointed and dismayed at the lack of effort for full, equal, and honest representation for

the people of many districts especially those marginalized already.

The maps proposed so far by the Texas GOP decrease the number of competitive seats, ignore the growth and influence of

communities of color, disenfranchise the vote, and gerrymanders for power.

How will minority communities ever be able to elect representatives of their choice that will do the best to improve their lives, health, and existence?

I am urging you to consider truly enabling citizens a voice and representation in their community.

Thank you.
