Message:

Please do not split Parker county down the middle. The proposed boundary lines literally splits the school district, cities, and other community entities. In Parker county we are one big county, like family. We share the same values and think of Parker county like one big community. We don't have any big cities and prefer it that way. We do not want to be lumped with tarrant county which is vastly different than Parker county. Parker county is a special place in Texas, please keep our county together in redistricting. Again we are one big family.
