Affirm public info: I agree

Regarding: Senate

Message:

For years I have been in USHD 25. Totally disenfranchised from the rest of the county where I live (Travis). Placing urban and suburban voters in largely rural districts does that. We have little in common and it makes it hard to campaign and GOTV, which is exactly the point of these maps. Ensure that the incumbent can continue to hold power. Now I will be in USHD 10 which swaths of rural voters east of 35. We have little in common in what we want our legislators to do. Our voices, the voices of POC in the district are diluted so that we are not even heard. I am sure we won't hear or see McCaul like we have never seen or heard from Williams. They don't represent us. The maps just ensure that they will not be challenged and will keep the office for another 10 years.
