Message:

The proposed Senate District 12 includes University Park, Highland Park and much of North Dallas along with Wise County and parts of Denton County (among others). This makes no sense at all. The residents of Dallas and the Park Cities have little or no interests in common with the rural residents in Wise County. I would personally be moved from the urban and suburban Senate District 16 to this reconfigured SD 12. This map splits and dilutes our communities of interest -- not only the urban and suburban residents, but the rural residents as well would not be well served by this map.
