Affirm public info: I agree

Regarding: Senate

Message:
I am over 18 years of age, and I am
a registered voter. I live in Hunt
County in Greenville, TX
, and Congressional District 4.
The testimony I give today is based
upon my personal knowledge from my
experience in my community and as a
citizen of the State of Texas.

I want any new district map to
fairly represent the voting patterns
of Texas. In Texas, all of our
statewide officials are Republican.
Therefore, any new Congressional
seats awarded to Texas as a result
of the increase of the Texas
population should represent the
voting pattern of the state of Texas
which is Republican.

I want the new map to reflect One
person, One vote, as provided in the
U.S. Constitution, by Citizens of
the United States of America living
in Texas.

It is important to me that districts
are created so that there is
approximately equal voting power
through people Legally eligible to
vote as a legal "Citizen of the
United States of America" living in
the great state of Texas.
No exceptions.

I want to emphasize that I believe
it is important that redistricting
is accomplished by our elected
officials, like you, who are
accountable to the people of Texas.

I very strongly oppose any so-called
"Independent Panel" that is not
elected by the people of the State
of Texas.

Allowing redistricting to be done by
an appointed panel takes away my
voice and the voice of people like
me in this very important process.

I hope that my testimony, based upon
my personal knowledge of the
community in which I live, is
helpful to you in the redistricting
process.
Thank you and God bless America
