Message:

I have been a long term precinct chair for the Republican Party in Burnet County. The removal of parts of our county for redistricting is very disruptive. We have worked together to keep this area Red and are a well organized and coordinated group. This proposed division of our county is not acceptable and will disrupt and create problems we don't need to have as we are focusing on strengthening our party throughout the County and state. We share a community of interests that solidify us and our goals for the future of the republican party.

Please reconsider this proposed plan to split up our county for it will cause unforeseen problems as we face more influx from outsiders.

John B. White
