Message:

It is unconscionable to be gerrymandering voting districts in this state (or any other). It is another method to restrict access to voting.

It is also a method to insure that one political party retains power without actually gaining public support by passing legislation that

benefits citizens instead of corporations. Our political system in this country is broken, perhaps irreparably. If the GOP goal is to have

a dictatorship, they should clearly declare their intention and stop the pretense of democracy.
