Message:

This letter is directed solely to those trying to keep Texas a racist and divided state . The tactics of control will never end as long as you continue to only care to line your greedy pockets and the pockets of those who keep you in the position you're in . The total lack of caring for this land will affect your future generations as well . Dividing this state further will only create more conflict between the racist and non racist people here in texas. Listen to the advise of your ancestors ( Don't eat where you crap ) ! Don't think the decisions you make will go unnoticed by the country. Trying to divide us will only make us stronger .
