Message:

My precinct, Dallas County Precinct 2048, in the 2010 census had 6700 residents. All but less than 100 residents live in three-story condos or townhomes. Since the 2010 census, 5 big new apartment complexes have been added to the precinct. My precinct is already nearly impossible to cover for voter registration. As a precinct chair, In consideration of registering and informing voters, Precinct 2048 would be better served by being split into at least THREE precincts, preferably FOUR, to give residents a better chance to be canvassed to register to vote and personally receive information about candidates.
