Message:

As the legislature prepares for redistricting, I urge them to keep communities together and fix the extremely gerrymandered district lines. Historically these lines drawn have been used as a racist and classist weapon against voters. If we want to represent a diverse and fair state we must fix this and be the fair and representative democracy we claim to be. Splitting up communities with uneven district lines is a partisan weapon that should not be allowed. Please adopt an independent commission as part of the redistricting process.

Thank you,
Christine Giordano
