Affirm public info: I agree

Regarding: Senate

Message:

In order to address the issues of gerrymandering by any political party, please consider creating an independent Redistricting Commission that does NOT include any members of the Texas Legislature, past, present, or future. It would be beneficial to all Texas citizens that this commission be comprised of citizens evenly divided among those who represent each political party. Independent and libertarian representation could be included and should be structured so not to change the even split among Democrat and Republican members on the Commission.
