Message:

Good afternoon,

After reviewing the proposed maps, I see that the master planned community I live in has been divided into THREE districts. This is unacceptable. Our subdivision already spans 2 counties and therefore 2 school districts making many daily activities a headache for many, even though we are all in the same subdivision and same city lines. Three house districts would only further complicate our lives. My home is currently a narrow sliver attached to the top of district 25, moving us from district 29 to 25. Our community is very densely packed suburbia with most commuting into Houston for work, and has little to nothing in common with the lines drawn to the southern portion of the proposed district in Southern Brazoria County and Matagorda County.
