Message:

I am over 18 years old, and I am a registered voter.  
I live in HD33 and SD8 and congressional district 3.

I am giving my testimony today based on my personal knowledge as a community member and native citizen of the State of Texas.

I have 4 points for your consideration:

1. I want any new districts to fairly represent the voting patterns of Texas, which is statewide majority Republican. All new congressional seats that have been awarded to Texas should represent the voting pattern of the State, which again is Republican.
2. I want the new map to reflect one person, one vote as is provided in the US Constitution.
3. The districts should be created so there is equal voting power in each district. This equal voting power only applies to those legally eligible to vote.
4. Redistricting should be accomplished by the legislature (elected officials, who are accountable to the people of Texas) -- not be a panel. A panel takes away the rights of People to have a voice in this important decision.

Thank you,

Deborah Lindstrom
