Affirm public info: I agree

Regarding: Senate

Message:

Salutations! In recognition of your service to all the citizens of this great State, please accept my sincere thanks for your service. Your devotion to the public good and improving the human condition for all Texas through democracy, justice, opportunity, and security is much appreciated. Such true devotion to heartfelt care demonstrated through compassionate government is a shining light to not only America, but also other countries around the world.

For these reasons please allow me to bring to your concerned attention the controversial considerations regarding Redistricting. It is commonly known across the state, and even around the Nation, that Redistricting is currently being considered by a Senate Committee on Redistricting led by Special Chair Joan Huffman in Austin. The policies that are being considered are alarming, divisive, and have even been called "Draconian" by our highly esteemed Commander-In-Chief. Against the raising tsunami of unquenchable voices all across our Nation relentlessly demanding truth, equality, and justice for all, Texas is at a very significant crossroad. We can enact and support policies that lead to true equality, fairness, and peace; or policies that continue to cause social deterioration, cultural downfall, and destruction that will ultimately affect us all.

Therefore, I am asking you to give careful analysis and attention to all that is being considered by this Committee. More than that, I urge you to contact each member of the Committee and be a voice of concern and accountability for fairness, transparency, and justice for all Texans, particularly those who are disenfranchised and cannot speak for themselves.

Please communicate the importance of making sure that HB3112 is scheduled and be heard while there is still time. I also encourage you to support the passing of HB3112. And ultimately become a legal beacon that establishes a real sense of true care for all Texans. Thank you so much for your consideration of all that I have placed before you. And thank you for taking a stand for truth in Texas! Regards, Gayland Taylor HD 96 SD 10 Mansfield, TX.
