Message:

I am a retired professional who lives in a large suburban community just west of I 35 in Denton County. Sure looking forward to learning a lot more about all the ranchers and hog farmers in Wise County who will share my state senate district next year.

This looks like a pure GOP jobs preservation plan to me. Overwhelm the growing Dem vote in south Denton County with a bunch of hayseed GOP voters to the west.

About what I expected from a group who has to trample on voting rights of minority and the disabled and reproductive rights of women to keep their hold on power.
