Regarding: ALL

Message:

As a volunteer physician to the Texas Legislature for more than 10 years I am for the first time testifying over my concern that we will not redistrict to represent ALL Texans in our growing state

This is not who we are We welcome everyone and serve with everyone to make our state culturally and economically viable

Please ensure that all of us have access to vote easily, fairly and without bias due to our gender or color or community affiliation . We are all Texans

PLEASE
