Affirm public info: I agree

Regarding: Senate

Message:

I am not writing this as an ESD Commissioner, but as a private citizen, but since I am an ESD Commissioner I know that my ESD is the lower part of Burnet County and around Marble falls. You are proposing that the citizens who all banded together to form an Emergency Safety District, aren't really a community at all. They are being divided by your arbitrary lines. We all joined to promote our common interest of protecting our homes and families from fires, proving we are all part of the same community with the same interests. To take half of our area and "give" it to another Senate District doesn't make good sense. If we go to our State Senator with a problem, only half of us will be petitioning our Senator. Burnet County is a complete entity on its own. I expect you to leave it that way.
