Message:

This proposal makes absolutely NO sense! Denton city is in the metroplex, surrounded by numerous cities that we share businesses with! We are in Denton County, not Potter, Randall, or any other counties between us and the panhandle.

What would grouping Denton city with the panhandle and other counties along way do? This smells awfully like some people in power are trying to do some dirty business, or gerrymandering, or something to do with lining pockets.

Faith in our democracy dwindles down more and more every year because of things like this.

It's never about the constituents, its all about y'all in power and this just proves it even more.
