Affirm public info: I agree

Regarding: Senate

Message:

My family lives in Dallas county which is an urban county. I am very disturbed by the proposed senate lines that are placing small parts of Dallas county with very large sections of rural areas for the senate maps. City issues and rural issues are very different and we need representation that stand for each of the points of view. It appears to me that the very small portions of the city vote will be basically nullified by the large rural areas and therefore will not receive appropriate representation. Please leave the senate districts as close to the way they are drawn now as possible to allow for both rural and urban voters to have representation.
