Affirm public info: I agree

Regarding: Congressional

Message:

Hello, my name is Hyunja Norman, representing the Korean Community in Harris County. The map proposals ignore public input, take away power and representation from communities of color, and work hard to guarantee easy re-election for incumbents who want to stay in office over the next decade. When I saw the TX Senate Congressional Map Proposal, they really packed our community in new Congressional district 38. However, our Korean community center is located in Congressional district 18 on the proposal map. Many of our community members are seniors who do not speak English as a first language. We want our community center to represent our members.  
Thank you.
