Affirm public info: I agree

Regarding: Senate

Message:

This redistricting map was rushed through after the census was released in September at the end of several contentious special sessions. Constituents had very little input. The map was clearly designed to maintain a GOP majority in Tx Lege for 2020. Y'all won. Going forward we need a more equitable map that serves all Texans. There is a small group of extremist legislators who are more interested in regulating people's personal lives and limiting liberty for all Texans. We do not deserve to be held hostage by a map created to favor a Christian Nationalist movement. We are Texans. Some of us are Christians, some of us are not. It is time to create FAIR MAPS FOR CONSTITUENTS and stop serving the interests of billionaire donors and Heritage Foundation interests. It has gone too far and now previously uninvolved suburban housewives gather in groups to learn how to protect our rights, our vote, our State and our Republic. You are STEALING our ability to choose our leaders and instead treat us like dots to gather for GOP interests. This cannot stand for our children's future. I taught my young adults to always VOTE because their voice matters. This map makes me a liar. Please, stop making me lie to my kids about who we are as a state and country. Draw FAIR maps. That's all.
