Message:

It is really wrong to seek to re-district in the middle of the time period allowed. It is cheating. And you know that it is. We will remember and work twice as hard to have you removed from office through our votes. You can redistrict, but you are putting Trump before Texas. We are Texans!!!!!!!!!!!!!!!!!!!!!! You need to remember that. We ask you put Texas first, not Trump. Stop polishing his puts, what are you afraid of from him????? You will find that we have long memories. We will not forget you left the people of the hill country, where I live, waiting for help while you tried to shove through redistricting. How really sad and sorry of you. Disgusting. Texas before Trump. Remember that, it will be our battle cry.
