Message:

As a citizen of the great state of Texas for 37 years, I believe our citizens deserve better. Texans are smart people, and we know that redistricting early like this comes with an agenda - one to take away our voices and rights to fair representation in order to appease a power hungry President. These are the moves of cowards who are afraid to lose to the will of the people; so instead you are seeking to disempower us all to claim more power for the Republican party. Does the oath of office you took mean nothing? All constituents, regardless of party affiliation, should be deeply concerned about this attempt at a power grab that comes at the cost of fair representation. I commend and stand by the Democrats who have broken quorum in order to protect our voices and rights. They have courage, do you?
