Message:
I am writing as a concerned constituent to express my strong disagreement and deep disappointment with the proposed redistricting plans currently under consideration. These maps appear to be blatant attempts at gerrymandering of which are specifically designed not to serve the people of Texas, but to secure partisan advantage for the Republican party.

This is not the Texas we want. Fair representation is the foundation of a functioning democracy. These maps undermine trust in our institutions and disrespect the will of the people. I urge the Senate to reject this plan and prioritize transparency, accountability, and fairness in the redistricting process.

Texans deserve representation not manipulation.

Sincerely,

Dr. Ainsley Alessandrini
