Message:

I am extremely concerned about the upcoming re-districting plan and its attack on our right to self-governance.

I don't give a squat about democrats, I care about democracy. I don't give a fluff about republicans, I care about the republic.

Dividing up the people's ability to have a voice in their own governance is telling us you don't want the people to run the government, you want the government to run the people.

That's not how things should work. What WE say goes, not the other way around.
