Message:

Hello senators, what you are doing to our state is absolutely disgusting and disgraceful. We as Texans deserve to be treated better, you did nothing for the floods and continue to make countless decisions against the people of our state and only for your own good. We are uniting and making our community like we should be. Texas is rapidly growing, extremely diverse, and continues to grow every day. You are trying to take away any equal opportunities and continuously manipulate. The gerrymandering isn't going to fix what you consider wrong, we the people are going to fix what is wrong. We are bigger than you regardless of status and deserve true representation. Our voices and votes matter. You are trying to take away our right to vote equally and that is un-American, trying to make it better for only yourselves once again, every time you do it weakens our trust in you, but we only grow more united and stronger together.
