Regarding: Congressional

Message:

As a concerned constituent of the state of Texas, I am writing to express my strong opposition to the current redistricting efforts that appear to undermine the principles of fair and equal representation.

Redistricting should be a transparent, nonpartisan process that upholds the fundamental values of our democracy—ensuring that all Texans have an equal voice in our government. Unfortunately, the current maps seem to prioritize political advantage over community representation, often dividing communities of interest and diluting the voting power of historically marginalized groups.

Manipulating district lines for partisan gain erodes public trust, weakens voter engagement, and undermines the legitimacy of our elections. This practice—commonly known as gerrymandering—has no place in a democracy that values fairness and accountability.

I urge you to reject any redistricting plan that favors partisan interests at the expense of equal representation. I respectfully call on you to support a process that includes public input, ensures compliance with the Voting Rights Act, and protects the voting power of all communities—particularly communities of color that continue to grow and shape our state.

Texas deserves a redistricting process that reflects its diverse and vibrant population—not one that silences it.

Thank you for your service, and for your attention to this urgent matter.
