Message:

Texas already redrew its congressional maps in 2021, but now Donald Trump and national Republicans are demanding a second redraw, not because of new Census data, but to protect their grip on power as MAGA extremism loses ground. In response, Governor Abbott called a rushed special legislative session just one week after devastating floods hit communities across the state, choosing political manipulation over disaster relief.

This mid-decade redistricting is not normal. It's a calculated, anti-democratic power grab.

Lawmakers have 30 days to redraw the maps, with no requirement for transparency, public input, or fair representation. We deserve a process that is transparent and accessible.

District maps should accurately reflect the demographics of Texas, not be gerrymandered to benefit one party or the other.

STOP cowering and doing whatever Trump asks. Have some integrity. Be real Texans.
