Message:
Dear Congressional Leaders,

I am writing to express my strong opposition to the redistricting plan currently being proposed for the state of Texas. Fair and representative districts are the foundation of a functioning democracy, and this proposal undermines that principle.

The proposed maps appear to be drawn with partisan interests in mind rather than to reflect the true diversity and will of the people of Texas. Communities of interest, particularly communities of color, are being diluted and divided in ways that weaken their political voice. This is not only unfair; it runs counter to the values of representative government and the Voting Rights Act.

Texans deserve a transparent redistricting process that results in competitive, community-centered districts, not gerrymandered lines that entrench power and silence voters.

I urge you to reject this plan and instead pursue a redistricting process that is equitable, nonpartisan, and truly representative of the people of Texas.

Sincerely,

Andy Corbin
Senate District 13
