Message:

I am stunned at the actions of Texas lawmakers to redistrict ahead of the 10 year census just to suppress the voters who you suspect would not vote GOP. Gerrymandering is not legal under the Constitution. Is holding onto perceived power more important than allowing the process to work?

I am highly disappointed that this is the state of our country. That we bend to the will of an authoritarian leader just to keep control. If there is a true GOP mandate, LET THE VOTERS DECIDE.

I did not serve our country for 28.5 years in the Air Force to support and DEFEND our Constitution against all enemies foreign and domestic only to realize the real enemy is domestic at this moment.

I ask that you allow democracy to decide... not fear.
