Message:

I absolutely oppose the planned redistricting which under all known plans would deprive me and my community of the opportunity of voting with communities of similar interests. Additionally, all plans would now cut out of our district the congressman who has represented us for close to 20 years. We have little to nothing in common with communities on the coast which would be unfair to my area as well as the coastal area constituents.

This is a blatant attempt to eliminate or dilute Hispanic representation which our district now has and would not be found in any of the proposed plans.
