Title: N/A

Organization: Self

Address: [REDACTED]

City: Haltom City

State: Texas

Zipcode: [REDACTED]

Phone: [REDACTED]

Affirm public info: I agree

Regarding: Congressional

Message:

This is a blatant power grab! I am urging all members of congress to vote against redistricting of the current voting maps in Texas.

This will further dilute the voting power of communities of color by dispersing these voters into other districts.

Currently, while communities of color represent 60% of the population overall in Texas, they only have representation of someone of color in around 17% of their majority-held districts.

Congress should be representative of the people they serve and should be made up of diverse ethnicities represented in the great state of Texas.

I understand that the Trump administration only goal is to gain 5 representatives out of this mid decade effort. There is no perception that this will be an effort to correct past gerrymandered districts but rather to further gerrymander them.

This is a direct violation of voting rights and an assault on democracy itself.

Do not support the redistricting mandate laid out by the power hungry Trump administration. We should be focusing on helping those out in the Hill country devastated by the floods.

This is a waste of taxpayer money.
