Affirm public info: I agree

Regarding: Congressional

Message:

I would like to register my disagreement for the re-districting efforts led by Greg Abbott and seemingly influenced by Trump.

I disagree on several terms

1. I don't want the president telling us how to run our state. We elected the Governor to make decisions best for our state, not to execute on orders from The President on matters that aren't in his jurisdiction

2. I believe we should wait to redistrict for the census. And if we don't, find a better way to district that is less partisan than the map that the state has shared
