Message:

I very strongly disagree any redistricting in my city or anywhere in the great state of Texas. Everyone in the state of Texas deserves to have their voices heard. It is your job as a representative to make sure our voices are heard. We vote to make sure our voices and communities are heard. It is our right as citizens of this republic to elect officials who reflect our ideals, share our morals, and represent our ideologies. If these representatives cannot align themselves with the needs and desires of the public which they serve, then those elected officials need to remove themselves from the occupation of public service, and NOT redraw district lines making it so the public cannot simply vote them out. We the people give them the power, not the other way around. If the republicans choose to move forward with their plans to gerrymander districts it would make me feel like my voice doesn't matter.
