Message:

I am a 5th generation Texan and I very strongly oppose any redistricting in and around my city, as well as anywhere in the great state of Texas that may further favor the Republican Party. Every Texan, regardless of where they live, deserve to have their voice heard. It is the one job of our representatives to serve us. It is our right as citizens of this republic to elect officials who reflect our ideals, share our morals, and represent our ideologies. If these representatives cannot align themselves with the needs and desires of the public which they serve, then those elected officials need to remove themselves from the occupation of public service. Representatives are public servants, and redrawing district lines before they are due is doing a disservice to all Texans. To not allow American and Texan citizens votes to be heard is wrong. It's unethical and un-American. We live under a democracy, which means it is our right as citizens and taxpayers to support and oppose whatever policies and political parties we see fit. Our state government needs to adjust focus and direct efforts to rebuilding and improving infrastructure after the massive floods from early July.
