Affirm public info: I agree

Regarding: Congressional

Message:

I am a high school student in San Antonio and my representatives position is at stake. Im here to oppose HB 4 and the mid-decade redistricting. It makes no sense to spend any time on further partisan gerrymandering when we should be 100% focused on disaster prevention and relief. I urge republicans to stand up for democracy and be on the right side of history. Texas will not be represented by cowards. Stand up for Texas. Texans see the decisions you make. Your seat will be flipped.
