Message:

I do not support partisan redistricting in any way shape or form, let alone in the middle of the decade. This is nothing more than a blatant power grab by Republicans. They can't win more people with their policy or message, so they'll redraw the lines so they don't need to win any more people. In board games, video games, and sports, we call that cheating. And any actions to oppose those cheaters (like leaving the table, the lobby, or the field) is well in line and perfectly valid.

If you vote in favor of this, you're nothing but a spineless, cowardly cheat just like those that proposed it.
