Message:

It's past time to stand up against the bullying come from Washington and our own Governor. We want our own children not to be bullied in school and now our whole state is being bullied by our own government. Redistricting is only done after each census and the last one was deemed legal and good for all Texans. It was at least an attempt to insure that more Texans had a voice in the political arena. Today we are besieged with bullies who know they are in trouble and are using fear tactics to try to stay in power. We must resist such attempts to destroy democracy at all costs. The reality is that in the end love and courage wins! I urge each of you to resist the fascist attempts to control and destroy our democracy. Defeat any attempts to redistrict!
