Affirm public info: I agree

Regarding: Congressional

Message:

I am a US citizen and 66 years old. I have voted for Republicans and Democrats in the past. I OPPOSE SB4 and any further effort to gerrymander for the Republican party's benefit based upon President Trump's request. Fair representation should be sacrosanct and an independent panel should make any changes to the configuration of voting districts. This legislative effort will only continue divisive and debilitating fighting, and divert needed attention to critical issues such as flood prevention, mitigation, and relief. Please table any further action on SB4 and related issues. Thank you.
