Message:
Greetings Senate Special Committee on
Congressional Redistricting,

I'd like to take just a few minutes of your time to personally object to this redistricting plan, to personally object to the silencing or muting the voting voice of so many Texans, to personally object to treating duly elected Democrats as if they are criminals for standing up for the rights of the Texans they represent, and, to personally object to any and all rubber stamping of Donald Trump's (not my president) agenda.

I don't think this is what most Republicans really stand for. I, at least, hope that most of the Republican Party cares just a little about the people they represent, and, wouldn't, under normal circumstances support forcing a 10 year old to give birth, child sex slaves, revoking visas given to law abiding people legally in this country in order to arrest and remove them, arresting and removing people, sometimes citizens and Texans, without due process, disregarding the Justice System in it's entirety when it's rulings don't suit you, taking food and medicine from Texas women and children who voted for you in good faith and will soon be struggling to survive, disregarding a faithful ally under attack by a super power simply for political gain, driving up the federal deposit just to help out a few billionaires, and, I am very sorry to say, I could go on.

Just so you know, all this makes me sick to my

stomach.

Sincerely,
Beatrice Anne Sipes
A voting Texan
