After working in education for the state of Texas for 35 years, I am heartbroken to see what abbott is doing to the public education system in Texas. It is obvious that he is following his lord and master, trump. trump says he needs 5 more republican seats and abbott replies with a "yes, lord and master." This is so wrong on so many levels. I wish some republicans, like the brave democrats that are doing what they legally can do to stop this power grab, would stand up for the everyday people of our great state. Those someones need to be strong republicans with enough guts to do what is right and who knows that you can't call yourself a Christian and a trumpster at the same time. abbott has bent the knee, now the rest of us must suffer.

I vehemently oppose redistricting the state of TEXAS.

Side note: As a teacher, I know that names are supposed to be capitalized. However, I cannot, in good conscience, capitalize their names because that's affording them too much respect.
