We are Texans. A proud and independent people who usually think and act on our own. That's why it's so hard to explain why Texas republicans would jump at the command of a big fat orange convicted felon from queens. Why? This is a question you should ask yourself. Power over minority communities who are already under represented? Power so you can ram down voters' throats what you want? There will be a day of reckoning at some point. Think about it long and hard.
