Message:

Your Honor,

The Left works consistently to gerrymander congressional districts throughout America.

They will fight hard to keep their unfairly drawn seats. We hope our compromised elected officials are learning not to compromise in the future when our position is supported by facts.

We must take this opportunity to make our congressional districts representative of all Texans vs. being drawn by race or ethnicity.

The US Census undercounted mostly Conservative states and overcounted mostly Liberal (Leftist) states in 2020. They admit this: Census Bureau Today Releases 2020 Census Undercount, Overcount Rates by State. The spread between liberal states overcounts and conservative states undercounts is quite large. It appears several states may own other states' congressional seats.

Sincerely,

[REDACTED]
