Message:

Like I always said I believe in the law. And as I read the reconvene the Texas legislature redrawing have to be equal for the Democrats and republicans. According to what I see we are going to have more republicans than democrats so 30 republicans and 8 democrats congress. For me that's very unfair. I know that's the law said every ten years redrawing is necessary but the way is going to be handled is not fair enough and I will said legal. So democrats congressman have to fight and fight again to raise their voices. Mrs congresswoman Lizzie Fletcher I support you and I always support you. That's why I voted for you. Be blessed. Mr Brice Obiang -Edou.
