Message:

Our Democratic Party law makers are doing the right thing by breaking quorum to keep these maps from going through and any further action by Gov Abbott or this body to continue to push them, illegally, without a full quorum just goes to show how corrupt this gerrymandering effort is. These maps are wildly unfair, illegal, and unnecessary, and worse, only exist because Texas politicians are blowing to the requests of a tyrant. That is the last thing I expected from "don't mess with Texas." Vote NO on redistricting.
