Message:

As a proud US and Texas citizen, I believe that the redistricting process will effect the accuracy of my voice and others from being heard. Gerrymandering is already in effect, and with this redistricting, it will make it worse. Gerrymandering is already a term that highlights the unpatriotic, and non-democratic nature of "dealing under the table" just to get a leg up. If something like this is needed, then your not representing our voices appropriately.

I ask that if you believe in what this state and nation stands for, then you will reject any maps or proposals that disenfranchise the voices of voters. To instead prioritize transparency, fairness and accountability.
