Message:

As a life long Texas resident, I have to let it be known to the men and women in the senate that this redistricting is highly suspect and unwanted. We the people of the great state of Texas do not need to be nor do we deserve to be controlled or told what we need to do for our best interest. If you do not believe that we are capable of voting for our best interest then your very seat should be up for question as it is we the people that put you in it. If you do not trust our judgment or our votes, then you should not trust your ability to hold the position that you do. Let the people of Texas speak for themselves without the meddling of those who think they know better. You have every right to be afraid that your place on the political stage is at risk, but instead of trying to manipulate the entire state to vote in your favor you should focus more on doing the job you were given. Serve the people of this state. Do not serve powers outside of it. Do not serve yourselves.

Thank you.
