Message:

I write to urge all members to vote No to any attempt to further engage in gerrymandering by redistricting at this time in what can only be viewed by all as a power grab designed to disenfranchise minorities and to benefit those already in power. We do not need a one-party state and particularly one that is so beholding to the President of the United States that they are willing to do anything that he requests rather than protect the people of Texas and the United States from having basic civil rights trampled upon. Rather than engaging in this kind of conduct, the Texas Legislature should be addressing getting help to the victims of the horrific flooding that occurred and the loss of life that was caused by the failure of our Texas elected officials to properly provide warnings and other protections in the name of saving a few dollars.

I urge all those inclined to vote in favor of this outrageous redistricting scheme to consider that you will only be further energizing voters who will vote no to you and set off a nationwide redistricting frenzy that will not benefit anyone.

I further urge all those who are either so timid that they cannot say no even when they know what is right or those who like the exercise of raw power to repress others to consider that your own children and grandchildren are in danger of losing the democracy in which you grew up. Is that really what you want?

PLEASE DO THE RIGHT THING AND VOTE NO TO REDISTRICTING!
