Message:

This Redistricting proposal at the behest of Donald Trump is wrong to the core, and Republicans can spin and lie, but they know the truth. Stop capitulating to the president, who does nothing but lie and cheat and allow so many people to be silenced and hurt.

Stop this senseless redistricting now and work to support your state and ALL the people in it, and not for Donald Trump openly cheating so he can do whatever he wants at our country's expense.
